Consultations for Sisterlocks™ Package

Consultations are free and are done privately or while services are being provided on a client. They include a short video, review of photos as well as a Sisterlocks™ produced portfolio. We will answer all of your questions and put in some test locks. We will only schedule an appointment for you after we feel that you are sure about your decision to get Sisterlocks™.

Consultations for Transfer Clients & Troubleshooting  
 Any services for transfer clients should have a consultation before scheduling a 1st time appointments as you may qualify for the special base pricing the Lifer's Club Members enjoy. Because of the high standards at Locks 4

Life, we may have to spend more time than would usually be needed to re-tighten your hair the first couple of times. This is also true when you have special concerns regarding your locks. Special concerns can include locks that are too big, too small, bunching and slippage.

### Appointments

Our dedication to the Sisterlocks™ process it is the main service we offer. It is because of this we try to offer a peaceful and serene environment; therefore we are unable to accommodate any children in the salon that are not receiving a service. Your services will have to be rescheduled if you don't have a child care plan. Appointments include locking sessions, follow-up, re-tightening and grooming (only done if we think it is necessary). Please call if you are going to be late as your appointment may have to be rescheduled.

Before your locking session. Wash your hair. Let relaxed ends air dry. Cool blow dry natural ends. Braid in large plaits (sections). No oil or conditioner.

At your locking session. Dress comfortably. You may want to have a blanket or throw if you get cold. Bring something to do. There are magazines and books as I am building a small library. Donations are welcome. Internet web surfing is available as well as television & radio. You can bring something to eat or we will order out. Relax and enjoy. Locking sessions are not stressful.
